

LET'S WORK TOGETHER TO SET YOUR STORES UP FOR SUCCESS!

DATASCAN IS EXTREMELY EXCITED TO ANNOUNCE A NEW, **NO COST** OFFERING TO HELP SET YOUR STORES UP FOR SUCCESS DURING THEIR NEXT PI EVENT!

WHAT IS IT?

Datascan's Project Management Office (PMO) will be hosting pre-inventory training sessions for your stores, focusing on the most common 'How To' type questions that arise during inventory, along with a review of new features / functionality recently introduced.

This is a **NO COST** offering.

HOW WILL YOUR TEAM BENEFIT?

We want to equip the stores with the necessary information to make their PI counts as efficient as possible.

Datascan will analyze Help Desk call data from prior counts, identifying the Top 3-4 'How To' questions from your stores, and review those with stores prior to their schedule PI.

Less time spent on the phone = More time scanning!

WHAT NEXT?

- [Click here](#) to sign up or reply to this email.
- Please include your company name and expected count date(s).
- Datascan's PMO will contact you to coordinate schedules & align on agenda.

WE LOOK FORWARD TO PREPARING YOUR STORES FOR YOUR BEST INVENTORY COUNTS YET!
